**"NURTURING MINDS  
CREATING PROFESSIONALS"**

**VISION**  
Bring out best and successful professionals to lead the pharmaceuticals and healthcare areas with commitment and competence.

**MISSION**  
Our mission is to build a holistic education institute of repute chasing excellence with commitment and hard work successful to create noble character in each talented student to become a winner.

Today, we live in an era, when the world is being attracted to India, because now India is fast emerging new economic super power. Indian professionals are commanding the heights of the global economy. High intellectual ability combined with strong academic background and capability to hard work has made Indians, the most sought after work force all over the world. Sound professional qualifications are the most important credentials required for today's youth to succeed in this scenario.

S.R. Educational Trust was thus setup with a today's mindset to serve future generation to build up a better India, which becomes an overall super power. I am the firm determinant that education is a powerful instrument of socio-economic-change that can transformer the attitude, thinking and the life style of the students, that leads to better society. Education enables flexible thinking, better decision, making and capable individuals.

It is with this vision the SR INSTITUTIONS founded in the year 2015 initiating D.Pharm Course as a first step towards achievement which further became stronger with the inception of Pharmacy Graduates, Nursing, Paramedical Courses and Skill Development Courses subsequently.

I extend my best wishes to all the aspirants and assure that under the mentorship of dedicated faculty of our prestigious Institution, they shall be able to take full advantage of opportunities offered to them.

Best Wishes

**DR. SANDHYA GANGWAR**

Vice-Chairman

S.R Institutions is well known for providing Education with altogether a different mindset, where we are trying to make learning, as easy, as possible. Today, various students are there, who have a Hindi Medium background and keeping this in mind, the institute has a well equipped Language Lab, so that students having gap in language, may be transformed easily and effectively. The institute is performing well with excellent academic records. So, keeping this in mind, our aim is to train students in every aspect whether curricular or extracurricular/co-curricular activities. Thus, students, who pass out from our institutes, can compete well in the market's competitive environment.

Best Wishes
